XIII. INSTANT EURO PAYMENTS – BLINK AND SEPA INSTANT

13.1. The Bank accepts and executes instant euro payment orders, namely BLINK payments to banks participating in the BISERA payment system and SEPA Instant Credit Transfers to banks located within the European Economic Area (EEA) participating in the SCT Inst Scheme of the European Payments Council (EPC) (hereinafter jointly referred to as the "Instant Payment" or "Instant Payments"). The Bank processes Instant Payment orders in accordance with the Rules of BORICA AD and the National Card and Payment Scheme (NCPS) governing instant payments, the EPC SCT Inst Scheme Rulebook for cross-border instant payments, as well as the terms and conditions set out below.

13.2. An Instant Payment is a euro credit transfer up to the maximum amount specified in the Bank's Tariff, initiated from the Customer's current or savings account denominated in the national currency or any other currency, which is executed 24 hours a day, 365 days a year, with immediate or near-immediate processing, provided that both the beneficiary's account and the beneficiary's payment service provider are reachable for Instant Payments. Instant Payments are not available for standing orders, bulk payments, cash transfers, or transfers to and from the state budget. The Bank does not execute Instant Payments with a future execution date.

13.3. The execution time of an Instant Payment order begins once the Bank has verified the order by authenticating the payer, authorising the transaction, verifying the availability of sufficient funds, and confirming

the reachability of the beneficiary's payment service provider, has established that the order meets the requirements for execution as an Instant Payment, and has blocked the amount of the transfer together with the applicable fees on the payer's account. The Bank records the moment from which the execution time begins by applying a time stamp to the payment order.

13.4. The Bank accepts incoming Instant Payments and credits them to the beneficiary's current or savings account, or to an account servicing loans and/or credit cards, denominated in the national currency or any other currency, provided that such account is reachable for receiving Instant Payments, except in the cases referred to in Clause 13.11 of this Article. Where the conditions set out in the preceding sentence are not met, the Bank shall reject the payment and return it to the payer's payment service provider, stating the relevant reason for rejection. Incoming Instant Payments shall be processed with the value date corresponding to the calendar date on which they are received. Where an Instant Payment is made from or to an account denominated in a foreign currency, the currency conversion shall be performed at the Bank's applicable buying/selling exchange rate valid on the date of conversion.

13.5. The Bank accepts for execution Instant Payment orders in euro submitted through its remote banking applications (BLINK and SEPA Instant), provided that the transfer amount is less than or equal to the Instant Payment limit and complies with the restrictions applicable to this type of payment as specified in the Bank's Tariff, and that the payment order is initiated from a current or savings account denominated in the national currency or a foreign currency which is eligible for initiating Instant Payments.

13.6. An Instant Payment order shall be processed with the value date corresponding to the calendar date on which it is accepted by the Bank. Upon acceptance of an Instant Payment order for execution, the Bank shall block on the payer's account the amount of the transfer together with the applicable fees. Upon receipt of confirmation from the beneficiary's payment service provider that the transfer may be credited to the beneficiary's account, the Bank shall release the blocked amount and debit the payer's account accordingly. The Bank shall notify the payer of the successful execution of the transfer by updating its status in the Bank's online banking system.

13.7. In the event of unsuccessful execution of an Instant Payment order, the Bank shall receive a rejection message from the beneficiary's payment service provider, release the blocked amount on the payer's account and notify the payer that the payment order cannot be processed by updating the payment status in the Bank's online banking system.

13.8. Acting as the payer's bank, the Bank may initiate a Request for Recall of an Instant Payment on its own behalf or on behalf of the payer, in accordance with the Rules for Dispute Resolution of Instant Payments through an Account of the National Card and Payment Scheme (NCPS) and the EPC SCT Inst Scheme Rulebook.

13.9. The Bank shall not be liable for the non-execution of an Instant Payment order resulting from the unavailability of the beneficiary's payment service provider within the instant payment system, the unavailability of the beneficiary's account, or unsuccessful processing by other participants involved in the payment process.

13.10. The Bank reserves the right to introduce additional limits applicable to Instant Payments. Such limits shall be published in the Bank's Tariff and shall become effective as of the date on which the relevant Tariff enters into force.

13.11. In the event of suspected compromise of the security of a payment instrument, unauthorised use of a payment instrument, or suspicion of fraud, money laundering, terrorist financing, proliferation financing, or the circumvention or violation of restrictive measures (sanctions), as well as in the event of any other suspicion, including the identification of a material deviation from the Customer's usual transactional behaviour, an increased risk of money laundering or terrorist financing, the imposition of restrictive measures (sanctions) on the Customer, or the Customer's inclusion in sanctions or restrictive lists, the Bank reserves the right to designate the Customer's current or savings account as unavailable for the sending and/or receiving of Instant Payment orders.

13.12. Accounts subject to restrictions on the execution of credit transactions (either in full or above a specified amount) shall not be eligible to receive Instant Payments.

XIV. CHARGES, COMMISSIONS, INTEREST RATES AND EXCHANGE RATES

14.1. For payment services provided by the BANK, the USER shall pay all charges, commissions and other expenses incurred by the BANK in connection with opening, keeping, administering or closing an account, and for transactions executed on such account, within the time limits and according to the amounts specified in the BANK's Tariff effective at the time of performance of the relevant payment service.

14.2. The BANK shall calculate and pay interest on the funds available on an opened payment account in accordance with the terms and conditions of the BANK's Tariff and the Interest Rate Bulletin. The BANK and the CLIENT may agree on interest rates other than those specified in the Interest Rate Bulletin. The BANK reserves at any time the right to change interest rates applicable to opened payment accounts, and such changes shall take effect with respect to the USER according to Section XVIII of these GTC. Where interest rate changes are more favourable for the CLIENT, they shall apply without a prior notice. Accounts offered by the BANK for one-off payment transactions shall be solely used for keeping cash and, accordingly, interest rate changes regarding such accounts shall apply without a prior notice.

14.3. Where, pursuant to the Bulgarian tax legislation, the CLIENT is taxable for income from interest, the BANK shall charge and collect such tax.

14.4. In case of currency exchange, the BANK shall apply the buying and selling rates valid at the time of the transaction posting, as announced at the BANK's counters and on the BANK's website, as well as in the remote banking channels. Such rates may change over the course of a day, and the relevant changes shall be displayed at visible places. The BANK and the CLIENT may also agree on other exchange rates. Upon receipt of a transfer in a currency other than the currency of the account, the BANK shall *ex officio* convert the amount received into the currency of the account applying the exchange rate at the time of the conversion.

14.5. Where no funds are available on a USER's payment account to cover any due charges and commissions according to the Tariff, these may be collected from other accounts of the USER with the BANK, whether in euro or foreign currency, and by signing the Framework Agreement and these GTC the USER gives its consent to this effect.

XV. DEPOSIT GUARANTEE

15.1. Repayment of cash deposited in the BANK shall be guaranteed by the Bulgarian Deposit Insurance Fund ("BDIF") in accordance with the provisions of the Bank Deposit Insurance Act ("BDIA").
